**RICHMOND
FELLOWSHIP**
MAKING RECOVERY REALITY

With an ongoing national drive to support more and more people in their own communities, Richmond Fellowship's years of experience is helping hundreds of individuals to live independently in their own homes.

Our floating support services help people manage their tenancies, maintain domestic routines and play an active part in their community.

Our teams are specialists at supporting people with complex needs and chaotic lifestyles especially those at risk of homelessness, ex-offenders, individuals with substance misuse issues, and those escaping abusive relationships.
