

24HR RESIDENTIAL RECOVERY

“The staff have given me more self-esteem and been supportive with whatever I’ve wanted to do. It’s warm, secure and feels like home.”

RF resident

**RICHMOND
FELLOWSHIP** 
MAKING RECOVERY REALITY

There is good evidence that with appropriate support even those with the most challenging of mental health problems can progress to supported community living.

At Richmond Fellowship we've built up expertise in providing intensive 24hr supported housing, as a meaningful alternative to out of area treatments, residential homes and specialist inpatient services. We offer a range of cost effective, customisable models, responding to local needs and requirements.

Our research data shows that placing individuals in our 24hr supported housing schemes can save health and adult social care anything from £22,000 to £90,000 per person, per year.

About Richmond Fellowship (RF)

At RF our mission is to **make recovery reality**. We've been championing recovery and social inclusion for more than 50 years and we're now one of the largest voluntary sector providers of mental health support across England.

We work with more than **9,000 people** every year across more than **120 localised services**.

Key outcomes

- In 2013-14, 86% of individuals we helped move on did so to greater independence
- Nearly 90% of people who use our services say we've helped to improve the quality of their life
- And 92% said they would recommend Richmond Fellowship to others.

We currently run 24 hr supported housing services in:

Cheshire, Cleveland, County Durham, Essex, Lancashire, Liverpool, London, Staffordshire, Tyne and Wear, Yorkshire.

We also run a scheme in Cumbria with our partners, Croftlands Trust

Our schemes include:

- Placements from six months to three years, or longer if appropriate
- Round the clock support from our highly skilled teams, all trained in recovery based interventions
- Close liaison with acute and community mental health professionals to ensure appropriate clinical support and transition
- Individually tailored support to help people develop independent living skills, self-management strategies and coping skills
- Clear recovery pathways to promote social inclusion and move on.
